Teen Thought

You hear a lot (too much?) about having to obey your parents, and sometimes you must feel like a caged animal, anxious to escape the rules put upon you. It won't be long until you will have that freedom, but then the next verses will apply to you: How to be a good parent, how to be a good employee, how to be a good supervisor. These may seem confining but will lead us to the happy ending of the chapter: peace, faith, grace, and undying love.

Tips for Teaching

Some topics for potential study – the scriptures below support these.

1. Parent/child relationships
2. Supervisor/employee relationships
3. Spiritual warfare and armor
